# Services Overview

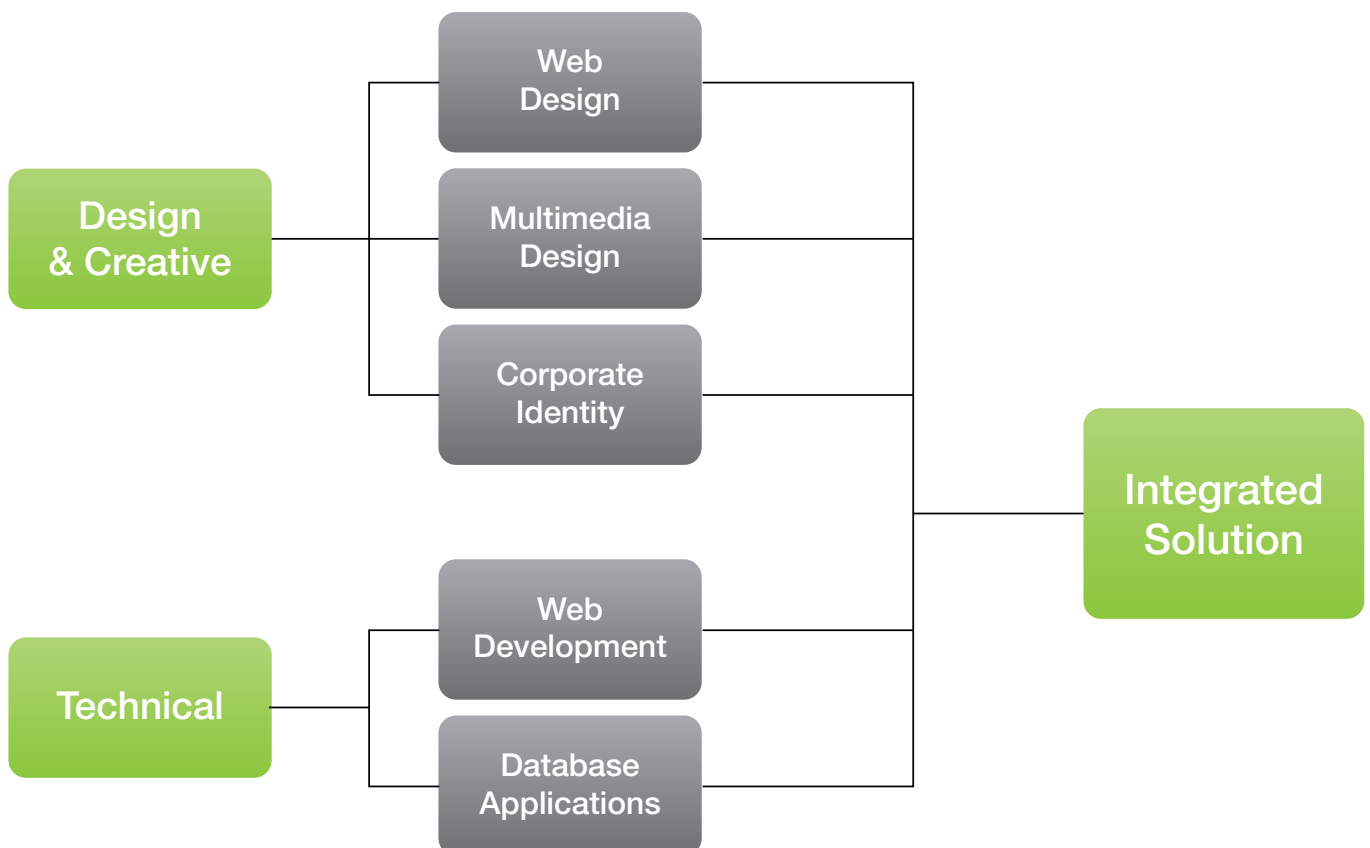

S3 Group is a Sydney web design and development firm that specialises in online business solutions for small to medium enterprises.

We are both a designer and developer of web applications, websites and multimedia applications. Our inhouse design and development resources have enabled us to deliver highly visual, interactive and functional results.

We provide holistic web-based solutions as well as specific creative, and technical services.

**We focus on two areas of expertise:**

- **Design & Creative**
- **Technical**

# Design & Creative

S3 Group is an Australian provider of design & creative services across a diversity of areas.

## Web Design

S3 Group is experienced in the designing of engaging web interfaces that not only boast its aesthetics and clarity, but also its ease of use and ability to create a rich, online user experience.

From conceptual to deployment, S3 Group takes care of all that is needed to ensure a visually compelling and dynamic website.

## Multimedia Design

S3 Group is a provider of rich media design and development including CD-ROM, DVD-ROM and presentations. We have extensive experience in collaborating with our clients and understanding their needs, which means that the outcomes will always reflect your core business values.

Coupled with our technical expertise, S3 Group develops a diverse range of multimedia applications that truly transforms ideas into reality.

## Corporate Identity Design

A successful corporate image will generate respect from your competitors and project confidence to your investors.

S3 Group is a provider in delivering specialised corporate identity conceptualisation and design services. With strong internal creative resources and a proven track record in deploying corporate identities for businesses, S3 Group can truly help distinct your business within this competitive environment.

# Technical

S3 Group utilises cutting-edge technology to maximise the effectiveness of business solutions.

## Web Development

S3 Group couples creative web services with technical expertise to deliver first class website solutions for small to medium businesses. Our experience across various industries, including retail, wholesale, telecommunications and architecture, has propelled us to develop a unique blend of solutions that combine design, technical and strategy.

Utilising S3 Group's proven approach, our team of professionals will lead you to business success from concept, design, through to implementation and maintenance.

## Database Applications

Whether a retail owner seeking to conduct business online or agency managing resources and research, there is an increasing opportunity for businesses to store and turn this data into profit.

S3 Group specialises in custom built applications that aligns and fulfils your core business operations. We have expertise in database engineering and its integration with web interfaces. Our works include eCommerce solutions, inventory management systems, web reports & statistics and client relationship systems.
